Sub: Launch of Mobile App – 'POWER SETU' to avail reimbursement of medical claims by Superannuated/ dependent of deceased employees.

We are committed to provide various digital empowerment platforms to superannuated employees/ dependent of deceased employees so as to enable them with easy and convenient access to facilities. Accordingly, we have launched a Mobile App namely '**POWER SETU**' which is available to facilitate online submission of medical claims. The said App will enable them to access the Ex-Employee Portal through their Mobile, focusing primarily on the following;

- Submission of Medical claim (Indoor/ Outdoor Treatment);
- Scan and Upload relevant documents viz Consultation, Medicine Bill, Path test etc. with the claim;
- Claim Status;
- Uploading Life Certificate whenever required;

The various steps to download the said Mobile based application and to submit the Medical Claims through Mobile in detail are given in enclosed Annexure.

All beneficiaries are informed that there is no need to forward any printout/ hardcopy of documents uploaded through the said App. However, they are required to keep these original documents viz Prescription, Medicine/ Pathological Lab test bill etc. upto 3 months from end of the financial year in which treatment is taken i.e. 30th June of next financial year for verification etc, when required by POWERGRID. Claims are liable to be checked randomly by Audit authorities, for which originals are to be produced by the beneficiaries. If any discrepancy is found then the Company reserves the right to withhold the benefits. It is also advised to avoid multiple claims on the same bills as it may deny them this facility.

All beneficiaries will now have three options to submit their Medical Claims such as Online Mode, Offline Mode and Mobile App. They can choose one of these options for medical claim. It is further clarified that now the required documents can also be scanned and uploaded in the existing Online Mode as well.

They will be able to access other features of Ex-employee portal of POWERGRID through the said Mobile App. All beneficiaries are requested to ensure one Consolidated Medical Claim in a month which may consist of multiple prescriptions/ bills.

This issues with the approval of Competent Authority.
