SI No. 17

Revision in the "Employees Medical Health Check-up Scheme"

Circular No. 591/2023 · dt. 05-12-2023

Content is the same as "Guidelines for Preventive Health Check-up Scheme" (Document ID: H08-019), uploaded to the Retirement Portal on 05-10-2023, shown at **SI No. 3** — issued here separately as a CC:HR Circular.

SI No. 21

Modification in Medical Rules — Addition of Day-Care Procedures

Corporate HR Circular No. 667/2025 · dt. 16-09-2025

Should be read together with Note 13 (Page 8 of 51) of "Medical Attendance and Treatment Rules" (**SI No. 1**) and Circular No. 376/17 dt. 06-03-2017 (

SI No. 22 — its contents already stand folded into the H08-016 update, so it is retained here only for completeness). Read together, treatment taken as Day-Care shall be treated as Indoor Treatment, and the procedure laid down for Indoor Treatment shall be applicable.

SI No. 24

Scheme for Medical Facilities to Dependents of Deceased Employees

Document ID: H08-018 · dt. 26-05-2021

In case of an employee's death while in service, as per this document:

- (a) the spouse of such deceased employee shall be eligible for medical facilities (OPD within the annual ceiling limit + IPD) for life; and
- (b) dependent parents and dependent children (as on the date of death) of such deceased employee shall continue to avail medical facility (OPD within the annual ceiling limit + IPD) till the notional date of retirement of the deceased employee (had he/she been alive), subject to fulfilment of other dependency criteria applicable under Medical Attendance & Treatment Rules.

SI No. 25

OPD Medical Treatment of Dependent Parents of Retired Employees

Circular No. 405/2018 · dt. 14-06-2018

This circular is also covered under **SI No. 2**, "Rules of POWERGRID Employees Post-Retirement Medical Benefit (PRMB) Trust" (Document No. H03-002 dt. 26-12-2023), at Page 14 of 23.

GENERAL NOTE

Circulars issued during the Covid-19 pandemic for a specific, since-expired period of validity are not included in this compendium, as they are now redundant.
